Valuation

Precise Mortgages will instruct the valuation in all instances.

We will aim to use a desktop valuation for Standard Bridging Finance where possible, providing:

- ▶ The purchase price/property value does not exceed £1,000,000.
- ▶ The loan has a gross LTV of 50% or below. When multiple properties are used as security, an AVM can be used for each property where the overall LTV is 50% or below.

AVMs are not available for:

- ▶ Any property requiring an element of refurbishment
- ▶ HMOs

We will notify you at DIP stage if your application qualifies for an AVM. If an AVM cannot be used a physical valuation will be required.

Legal fees

The borrower will be responsible for paying all the conveyancers fees, costs and disbursements. This includes the fees of the conveyancer acting for us in connection with the bridging finance if the borrower chooses to instruct a separate firm to act for them. The borrower should obtain a detailed quotation from the conveyancing firm.

For further information please visit our website at www.precisemortgages.co.uk/Bridging/Conveyancer

Whenever we require that a borrower, occupier or guarantor receives independent legal advice then they will need to pay the legal fees and disbursements of the conveyancer providing that legal advice.
